**16. OTHER INFORMATION**

Ecore International provides a Product Safety Data Sheet (PSDS) for finished products based on the "article exemption" found in 29 CFR 1910.1200 (b) (6) (v). An article is defined as: "a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has an end use function dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use, does not release more than very small quantities, e.g. minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees."

Disclaimer: Although the above information is presented in good faith and believed to be correct as of the current date, Ecore International gives no guarantee and disclaims responsibility for individual items being incomplete or incorrect. Furthermore, Ecore gives no guarantee that all possible measures are contained within the safety data sheet (including exceptional circumstances)
